

Madisen's Match Tops \$150,000 for Lee Memorial

by Duane Chaney

We want to thank all of our participants, sponsors, donors, and event supporters who have helped make 2016 our best year ever!

The record breaking Madisen's Match weekend got started on Friday, March 18th at the Madisen's Match Gala & Auction where over \$81,000 was raised that evening.

The event was hosted by NBC-2's Chad Oliver and saw intense bidding during the live and silent auction. Luxury watches, trips, and fine art all went to the highest bidders in support of pediatric and adult cancer treatment.

The generosity was in full display when we were able to purchase much needed medical equipment for the Golisano Children's Hospital and The Lee Memorial Regional Cancer Center. Over \$19,000 was donated to purchase a Gesturetek Cube that will go into the Madisen's Match Playroom when the Golisano Children's Hospital opens next April.

In addition to the Gesturetek Cube, a mobile nursing computer station was purchased that will go into immediate use at the Lee Memorial Regional Cancer Center.

Despite periods of unstable

Another large cast of tennis legends in 2016
